

AMENDED IN ASSEMBLY APRIL 15, 2013

CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 964

Introduced by Assembly Members ~~Brown~~ and *Member Bonta*

February 22, 2013

An act to amend Section 11713.18 of the Vehicle Code, relating to vehicles.

LEGISLATIVE COUNSEL'S DIGEST

AB 964, as amended, ~~Brown~~ Bonta. Vehicles: dealers.

Existing law makes it unlawful and provides that it constitutes an infraction for any person to violate, or fail to comply with, any provision of the Vehicle Code, or any local ordinance adopted pursuant to this code. Existing law also makes it a violation of the Vehicle Code for the holder of any specified dealer's license to advertise for sale or sell a used vehicle as "certified" or use any similar descriptive term in the advertisement or the sale of a used vehicle that implies that the vehicle has been certified to meet the terms of a used vehicle certification program if any of *several* specified conditions apply. Under existing law, those specified conditions include, but are not limited to, when the vehicle has sustained damage in an impact, fire, or flood, that after repair prior to sale substantially impairs the use or safety of the vehicle, ~~or~~ when the dealer knows or should have known that the vehicle has sustained frame ~~damage~~, *damage, or when the dealer, prior to sale, fails to provide a completed inspection report, as specified.*

~~This bill would delete the limitation that applies the prohibition to the use of the term "certified" or any similar descriptive term in the advertisement for, or the sale of, a used vehicle that implies the vehicle has been certified to meet the terms of a used vehicle certification~~

~~program. This bill would instead prohibit the holder of any dealer's license from advertising for sale or selling any used vehicle if any of the specified conditions apply. This bill would also add a dealer's knowledge of airbag deployment as one of the specified conditions for which it is a violation of the Vehicle Code for the holder of any specified dealer's license to advertise for sale or sell a used vehicle.~~

This bill would prohibit the holder of any dealer's license from selling a vehicle as part of a used vehicle certification program if the dealer knows or should have known that the vehicle is the subject of an open or unaddressed recall. The bill would also prohibit the holder of any dealer's license from selling any used car, including a car that is not part of a used vehicle certification program, without providing the buyer a completed inspection report, as specified, prior to sale. The bill would prohibit the holder of any dealer's license from selling a used car without providing a written disclosure indicating which, if any, of several specified conditions are present.

By creating new crimes, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
